CENTAL SYSTEM TABLE.

Some few years ago the Seed Merchants of the United States and Canada adopted the system of selling and buying grass and many kinds of field seeds by the 100 lbs. instead of by the bushel weight. For the convenience of customers, we give the following table, showing the number of standard bushels in 100 lbs.:

	Lbs.	Lbs. per bu.	
Barley.....	100	48	-2 bus. and 4 lbs.
Buckwheat.....	100	48	-2 " " 4 "
Broom Corn.....	100	46	-2 " " 8 "
Blue Grass, Kentucky.....	100	14	-7 " " 2 "
Blue Grass, English.....	100	24	-4 " " 4 "
Cane.....	100	50	-2 " " 0 "
Clover.....	100	60	-1 " " 40 "
Flax Seed.....	100	56	-1 " " 44 "
Hemp Seed.....	100	44	-2 " " 12 "
Hungarian.....	100	48	-2 " " 4 "
Johnson Grass.....	100	25	-4 " " 0 "
Millet.....	100	50	-2 " " 0 "
Oats.....	100	32	-3 " " 4 "
Orchard Grass.....	100	14	-7 " " 2 "
Pumpkin, Field.....	100	26	-3 " " 22 "
Rye.....	100	56	-1 " " 44 "
Red Top.....	100	14	-7 " " 2 "
Timothy.....	100	45	-2 " " 10 "
Lawn Grass.....	100	14	-7 " " 2 "
Pasture Grass Mixture.....	100	14	-7 " " 2 "

Standard Weights per Bushel of Various Articles to Which the Cental System Does Not Necessarily Apply.

	Lbs. per bu.
Beans	60
Canary Seed	60
Castor Beans	46
Corn, Shelled	56
Corn, Ear	70
Corn Meal	50
Corn, Sweet or Sugar, per measured bushel.....	45 to 48
Cranberries	40

Malt	38
Osage Orange	33
Onions	54
Peas, smooth	60
Peas, wrinkled	56
Rape	50
Potatoes	56
Turnips	58
Wheat	60

Quantity of Seed Usually Sown per Acre:

Amber, Sugar Cane	12 qts.
Barley, Broadcast	2 to 3 bus.
Beans, Dwarf, in drills.....	1½ bus.
Beans, pole, in hills.....	10 to 12 qts.
Beets, in drills	12 to 15 lbs.
Broom Corn, in hills.....	8 to 10 qts.
Buckwheat	1 bu.
Clover, Red, alone	8 to 10 lbs.
Clover, White or Alsike.....	6 to 8 lbs.
Clover, Lucerne or Alfalfa.....	20 lbs.
Corn, in hills.....	8 to 10 qts.
Cucumber	3x4 4 lbs.
Flax, broadcast	1½ bu.
Grass, Kentucky Blue	1 to 2 bu.
Grass, Orchard	1 to 2 bu.
Grass, English Rye	2 bu.
Grass, Red Top (Fancy Cleaned, 12 lbs.).....	2 bu.
Grass, Timothy	¼ to ½ bu.
Grass, Hungarian	1 bu.
Grass, Mixed Lawn	1 to 3 bu.
Millet, broadcast	½ to 1 bu.
Oats, broadcast	2 to 3 bus.
Onions, in drills	5 to 6 lbs.
Onions, for sets, in drills.....	50 lbs.
Onion Sets, in drills.....	6 to 12 bus
Peas, in drills	1½ bu.
Peas, broadcast	3 bus.
Potato, (cut tubers)	10 bus.
Pumpkin	8x8 3 lbs.
Rye, broadcast	1½ to 2 bus
Turnip, in drills	1½ to 2 lbs
Turnip, broadcast	3 to 4 lbs.
Wheat, broadcast	1½ to 2 bus

ST. LOUIS SIoux CITY Seed and Nursery Co.

ESTABLISHED 1884.

To the Trade

We are pleased to submit the following prices, which, when the quality and germinating powers and the great care taken in growing and caring are considered, will be found as low as such high quality seed can be offered. It has never been our policy to compete with low grade seeds, or seeds grown by inexperienced persons. Our seeds have a reputation to maintain. There are many seeds thrown on the market at low prices that have not. We especially warn all dealers who wish to furnish their trade with only the best, to select their seed with great care.

Bulk Seeds in Large Quantities.

Some merchants make a special "run" on Bulk Garden Seeds, and buy in large quantities. If dealers who buy in large quantities will submit us a list, giving amount of each variety used, we will quote them anything special we have to offer on large orders.

BROMUS INERMIS.

Grass and Field Seed Department.

We do not deem it necessary to enter into an extended description of this branch of our business. In brief, we only wish to say that at all seasons of the year we are prepared to furnish as choice a line of **Grass Seeds** and **Field Seeds** as any market in the west. With our superior milling facilities we are prepared to reclean and grade all classes of seeds and put them on the market in the very best shape.

**There are no Seeds offered that are
Freer from Foul Seeds than ours.**

OUR PRICES will be found as low as any in the northwest.

We carry Clovers, Alfalfa, Alsike, Timothy, Blue Grass, Red Top, Bromus Inermis, Orchard Grass, all kinds of Millets, etc. Headquarters for Dwarf Essex Rape. See page 11.

We Want to Buy anything in the above line you may have to offer. Send us a good sized sample by mail and we will make you the highest market price.

SEED CORN

We call your attention to the value and importance of procuring good varieties, and also that which is grown in the heart of the great corn belt, where the climate and soil not only develop great vigor of stalk and richness of kernel, but where the season at that special time of year ripens and preserves it for seed to the greatest vitality and strength.

RIPENS TEN DAYS EARLIER

Seed Corn grown at Sioux City will positively ripen **ten days earlier** than corn grown in Southern Iowa or Nebraska, or from the east. One of the largest canning companies in the west reports to us that our Stowell's Evergreen last season was ready for use **ten days earlier** than they were able to use that brought from the east, all planted at the same time. Owing to this fact and to the superior quality of our corn, they early in the season placed an order with us for a carload.

HEADQUARTERS FOR SEED CORN FIELD AND SWEET.

We not only have the **best climate** for ripening seed corn, but we have more varieties of our own growing than any other firm in the U. S.

DRYING CRIBS AND SEED CORN HOUSES

We have this year added another **immense Seed Corn drying house**, now giving us the largest capacity for **drying and storing Seed Corn in the U. S.** In ten minutes we can shut up the sides of the cribs from rain or snow, so that our corn is always **kept dry**—in ten minutes the houses can be opened to the sun and winds.

HAND SELECTED

We hand select every ear of corn that is shelled—and tip and butt. No small grains in our **Seed Corn**.

TERMS OF SALE

Credit—Orders from unknown correspondents must be accompanied by remittance or satisfactory reference.

Grass and Field Seeds, Potatoes and Onion Sets are invariably Net Cash.

Garden Seeds—Cash June 1st, for all shipments made prior to that date; subject to sight draft after that date. We allow a discount of 1 per cent. per month for all bills paid before June 1st. This discount applies to Garden Seeds only.

All Shipments made in good order and receipts taken, after which our responsibility ceases, although if any shipments do not reach customers promptly we should be immediately notified, as we can often trace and hasten the delivery of the same.

Bags will be charged as follows: 2 bushels, 16c; half bushel, 6c; quarter bushel, 5c.

Remitted for—All bills must be remitted for promptly when due, either by Draft or Express Money Order. Personal checks not accepted unless made payable with exchange. If we are obliged to make draft, which we do on date named on invoice, exchange and collection charges must be paid by the party on whom we draw.

Box Seeds—We have, since commencing business, sold seeds in papers, and this season we are putting up four handsome and finely assorted boxes, full description and contents of which will be found on page 15.

Mailing Seeds—Where customers order small quantities of seeds they can be sent by mail at eight (8) cents per lb., and postage will be charged on the invoice.

Freight Equalized—There are many merchants east and south who would like to handle our Superior Garden Seeds. To all such we will equalize **Freight Rates** with your nearest purchasing point.

Varieties in **Heavy Faced** type are of Superior Merit.

CROP VEGETABLE SEEDS 1901

Owing entirely to the fact that there is a very heavy shortage in Beans, Peas and many other seeds, prices are, especially on Beans and Peas, much higher than for a number of years.

A Shade Higher Price will be charged for Seeds in ounce or $\frac{1}{4}$ lb. quantities or lots less than $\frac{1}{8}$ of a bushel.

We supply a reasonable number of SEED CATALOGUES FOR MERCHANTS FREE

Place for the Merchant's name and address
appears on these Catalogues. .-. .-. .-

To assist our customers in building up their Seed business, we send Free with large bulk orders, a liberal supply of Fine Seed Catalogues for the merchant to distribute among his patrons.

The Pricing in this Catalogue is very complete and handy for Ready Reference.

These Catalogues will be about 8x10 inches in size and contain complete cultural directions of the different kinds of vegetable seeds, rules for time of sowing seeds in different sections, a table of weights and measures and descriptions of standard varieties of Vegetables, Field Seeds, etc.

CORN

CAUTION.—Sweet corn in bulk, even after being thoroughly cured, will often gather moisture and spoil, particularly if it has been exposed to a low temperature. To prevent this it should be taken out of the bags as soon as received and spread in a dry place.

NOTICE.—There is no standard weight on sweet corn, but it is sold per measured bushel, shelled.

We repeat here that sweet corn grown at Sioux City will positively be fitted for table use **TEN DAYS** in advance of eastern corn or corn grown in southern Iowa or Nebraska. This from actual test last year. You ought to buy for your trade only this Northern Grown Corn.

 **MARKET GARDENERS.**—If you want the best corn you ever saw—a corn that will put you ahead of your competitors four or five days—fine ear, sweetest of all, beautiful white color—try our **WHITE MEXICAN**. Originated from the **OLD BLACK MEXICAN**. We control the entire stock. Fifty-five days.

ENGLISH DWARF ESSEX RAPE

A most profitable forage plant. We can think of no simple change which would do more to increase the profitableness of American farming than a more general use of Dwarf Essex Rape. It is an inexpensive crop, costing but little for seed or cultivation, is very hardy, can be made to take the place of some crop that has failed and will yield an enormous crop of forage or it can be sown after harvest as a cover crop, and when fed off by stock, particularly sheep, will rapidly restore the fertility of exhausted soil.

We recommend customers to try and introduce this plant among the farmers. It is undoubtedly the best and most economical crop also for sheep or cattle that can be produced, and will prove of inestimable value to every farmer who needs a forage crop for feeding during the dry spell of weather of the summer months.

Choice Mixed Flower Seeds.

Our flower seeds are all grown by the best German, French and English growers, and all purchasing will find them to be of very fine quality. We desire to urge our customers to use care in planting, as much annoyance often results from planting fine seeds too deep and in coarse soil. Make the ground fine and smooth and wait until the soil is warm on all fine seeds.

We carry all the principal varieties of each sort, single, double and mixed.

Colored Illustrations and Directions for Planting on Each Packet.

EVERGREEN LAWN GRASS.

We this season are putting up Lawn Grass in attractive pasteboard boxes, nicely lithographed. We quote them:

Bulk Lawn Grass, per lb.....	14

ASSORTED BOXES OF GARDEN SEEDS.

We often receive letters from dealers asking us to send them a box of our seeds upon commission. These come from dealers who are not acquainted with our plan of selling package seeds outright, as we in no case send out seeds on commission. For the last 17 years we have sold our boxes; **replacing free** each year the seeds that have lost their vitality, and that our plan is becoming a very popular one is evidenced in the increased sales every year of our package seeds.

If you are handling **Commission Garden Seeds** this should interest you, and for the reason that there is a **better plan** and one that will make you **more money**. If you handle commission seeds you get only 40 per cent., the seed man 60 per cent. By our plan you get 70 per cent., and we only 30 per cent., a saving to you of **30 per cent.**

You ask how we can do this. The answer is a simple one. By the commission method large quantities of seeds are shipped to the merchant that he has no sale for, and hence after having been shipped over the road many times the commission seedsman is obliged to destroy them at a large expense. By the commission plan seeds are shipped back and forth over the road eight to ten times, and you, by paying the additional commission, pay the **freight**.

Our seeds have as strong vitality as any seeds handled in the United States, and are unsurpassed, for purity. Our packages are good heavy weight, and in neatness and beauty are the equal of the very best. We will mail sample of five-cent paper on application.

Dated Packages.—With one exception we are the only seed house in the United States that dates its packages. We put on the back of the package a plain date that gives the year to which its vitality extends. We **positively burn** as soon as the vitality expires. When you **sell our seeds** you sell only **seeds that will grow**.

We ask you to compare our prices with what you are paying.

OUR PRICES :

5 cent flat packages cost you	1½ c
5 " " " Beans, Peas, Corn, cost you	2 c
10 " square " cost you	4 c
20 " " " " "	8 c

COMMISSION GOODS:

5 cent flat packages cost you	3c
10 " square " " "	6c
20 " " " " "	12c

Our plan of selling package seeds, known as the **Cremation plan** and introduced by the well-known firm of Landreth & Son many years ago, we know to be the best. By it we study the individual demands of each store, while the commission plan bases its wants by states, thus over-loading merchants and shipping them double the goods that they can sell, thus tending to keeping old seeds in the box from year to year. By a careful comparison we have established the fact that the seeds in the commission boxes will average at least two years older than the seeds in our boxes, and in addition to this, our packages **being carefully dated avoids the possibility of any seed remaining on your hands after its vitality has expired.**

THIS IS OUR CONTRACT.

These seeds are sold outright—**Not Consigned;** but in order that dealers may not sell seeds too old to germinate, or be at the loss of destroying them, we agree to mark all papers with the date at which their vitality expires, and on the date so marked, to replace an equal number of papers for the number destroyed, free of charge. All seeds must be destroyed by our agent at time of his annual visit, or the purchaser can destroy all perishable papers and send us a statement of the number destroyed. The full amount of bill is payable June 1st.

All papers are marked with a single figure on the back showing the year the vitality expires, and our agents when visiting you will carefully look over your boxes and destroy all that are dated for that year, so that there is no loss to the dealer, and he has the satisfaction of knowing that he is selling fresh seeds. All our seeds are packed in handsome lithographed bags, and present a very tasty appearance. Boxes are decorated with a beautiful lithographed label, and altogether we think we can truly say that our seeds are put up in the most attractive manner of any sent out. At the low price at which we offer them we feel that all live merchants will prefer to handle our seeds to the commission goods.

No Charge.—We make no charge for the cases in which seeds are packed. The prices quoted are net.

HOW TO SORT UP BOXES.

We print following this a complete line of all the varieties we put up in lithographed packets of the 5 cents, 10 cents and 20 cents. We also print a summary of the contents of four regular boxes we put up. If you do not care to sort up your own box you can select the size box you want and we will send you a box made up to suit your latitude.

But We Advise you to select the size box you want and then change the contents if they do not suit you. **You know** what you want better than we do. Select your own varieties.

We Recommend that you use only 5c flat papers, and leave out the corn, beans, peas and turnip seed in the larger sized packets, and take these four kinds of seeds in bulk. You will find it much more satisfactory to your trade.
